

Tombstone Night – Play a Scramble with your partner. * Each team will be given a target score based on their handicap/ability * When they reach that target score they will place a Tombstone at that spot and continue to play. * The team who places the Tombstone the farthest in the round wins. * Ex. Team A reaches 7 Fairway & Team B reaches 7 Fairway, the one closest to hole wins. * Scramble Rules – Must use each players Tee shot once, other than that basic scramble rules. * Handicap – we will take the lowest handicap of the couple and divide it by 2 to determine target score, ex. Handicap = 6 for 9 holes divide by 2 = 3 – so target score is 39, at 39 you plant your Tombstone.

Time: 4:00 Tee Times Food: After Golf - pizza night

Her Ball/His Ball – Play a Bramble Format – Both players tee off, choose the best drive, then both players hit from that spot, here is where it differs from a scramble, after selecting the best shot and both hitting from there you will now play your own ball until it is holed producing 2 scores instead of 1. The team score will consist of 2 scores added together minus each player's assigned handicap. Ex. 39-7 = 32 + 49-18 = 31 = 63. Handicaps will be 80% of USGA or 80% of the one assigned by the Golf Shop.

Bag Raid – A favorite of many. We play it a little different here, instead of using match play to eliminate clubs, we eliminate clubs based on your score on that hole. Example: Par – lose a club each, Birdie – lose 2 clubs each, Eagle – lose 3 clubs each, hole in 1 – lose 4 clubs, bogey – nothing happens, double bogey – get 1 club back, triple bogey or more – get all your clubs back. We will be playing a scramble with the handicap figured the same as on Tombstone Night So before you think a hole in 1 is not possible, you may get a stroke on that hole.

Vegas Night – We will play a 4 person Las Vegas Scramble. At the start of the round you will assign a number to each player from 1 to 4. On each hole all 4 players tee off, then you roll the die. If # 1 comes up the player whose name corresponds to # 1 will be the player whose drive you will play. If 5 or 6 are rolled then you can choose the best drive. After choosing the drive you play the hole the same as a normal scramble.
